## Bifocal Contact Lenses

*ABBA Optical, Inc.*

## OPTIMUM Wetting and Rewetting Drop

Optimum by Lobob® W/RW Drop contains polymeric wetting and cushioning agents to wet and lubricate the lenses prior to insertion. Optimum by Lobob® W/RW Drop can be used during the wearing cycle by instilling 1 or 2 drops directly into the eye to rewet and rehydrate the lens ensuring longer and more comfortable compliant wear.

**Not for use with Soft (Hydrophilic) Lenses.**
