ABBA Optical, Inc.

OPTIMUM 'Extra Strength Cleaner' Sterile 2 FL OZ/60mL

Optimum by Lobob® 'Extra Strength' Cleaner is a sterile non-preserved cleaning solution for use with fluorosilicone acrylate and silicone acrylate rigid gas permeable (RGP) and all hard contact lenses of any polymeric structure. When used as directed, Optimum by Lobob® 'Extra Strength Cleaner eliminates surface deposits, oils, lipids, salts, and cosmetic residue without the use of parameter changing abrasives. Contains NO polymeric solvents and rinses easily from the lens surfaces.

Do not use directly in the Eye! Not for use with Soft (Hydrophilic) Lenses.
